

**Yves Delphin**  
**40 Pine Street**  
**Ardley, New York, 10502**  
**914-275-5068**  
**yvesdelphin@gmail.com**

### **Summary of Qualifications:**

- ▶ More than 15 years of overall experience in supervision, analysis, design, development, Testing of Client/Server and Web based Business applications and their implementation in a University environment
- ▶ More than 10 years teaching Computer Science and Math at New Jersey City University
- ▶ In-depth experience in People Tools such as Application Designer, People Code, Component Interface
- ▶ File layouts, Portal Technology, Process Scheduler, Data Mover, Tree Manager and Query
- ▶ Extensive experience with SQR in the creation of interfaces and reports, and with other reporting Tools used in PeopleSoft such as Crystal Reports, Query
- ▶ Strong experience in developing applications using COBOL, PL/SQL, Shell scripts
- ▶ Excellent analytical and problems and communication skills. Adherence to Quality Standard

### **Technical Skills:**

**ERP** : PeopleSoft HCM (8.0, 8.1/8.9,9.0)

**People Tools:** Application Designer, Portal Technology, Component Interface  
People code, Debugger, Process Scheduler, File Layouts, Data  
Mover, Tree Manager, Query

**Reporting** : SQR, SQL, Query, Crystal Reports.

**TOOLS** : MS -Office (MS Project, Word, Excel, Power Point, Visio)  
MS-Publisher, Access

**Operating** : Windows NT/2000/XP, ,Windows 7, VMS Systems

### **EDUCATION:**

#### **Graduate School:**

**Colorado Technical University, Colorado Springs, Colorado. Doctoral candidate in Digital System Security. Expect to graduate in December 2012.**

**Publication:**

Delphin, Y (2012). Establishing Standard of Security in Software as as Service ( SaaS) for the public computing, *Journal of Information Systems Technology and Planning, Vol (5)13*

**Pace University. White Plains, New York.** Master of Science in Computer Science. June 1983. Concentration in Data Structure Operating Systems and Business Information Systems.

**College: Mercy College. Dobbs Ferry, New York 10522.** Bachelor of Arts in Languages, August 1977.

**Associate Supervisor II Information Technology Services (May 1991 to present)**

**New Jersey City University 2039 Kennedy Boulevard, Jersey City NJ**

Primary Position: Developed queries and writing SQR programs and SQL for the Undergraduate and graduate admissions using PeopleSoft Database. I use MS SQL Server 7.0 and People Soft SA 7.6., 8.0, 8.9, 9.0 configured users client For People Soft 9.0. Wrote a lot of queries for them and update their database using Query analyzers. Maintained different test databases on the test and development servers For development and production.

- Developing SQR for Financial Aid.
- Starting from the project and developing the SQR to respond to the user's need
- Testing the project under the development Database and when the user is satisfied, move it to the production database
- Training and supervising employees and helping them acquire knowledge of SQR and SQL
- Attending different training in People tools, Process Scheduler, queries and crystal
- Working with functional users to implement what they want.
- Providing security to the users according to their needs
- Knowledge of People Soft 8.0, 8.5, 8.9, 9.0

Responsible for all different aspects of the Human Resources System. This includes running the payroll, enhancing the system by applying appropriate TOS in our environment, Upgrading the version of our system. Responsible for the DBD and its updating, The Roll over , the W-2....

Use of Focus to create ad hoc reports needed for different Departments by extracting the information from our IA-SCT system. From time to time as the situation warrants, create reports for Our SIS personnel

Communicate with outside users ie. Blue Cross and Blue Shield by sending them electronically on a bi-weekly basis the FSIA file and report. On a monthly basis an electronic file is sent to TIAA Maintain and upgrade the CONNECT TRACS software that allow us to send our direct deposit file to the different banks of our employees.

**Secondary position involves teaching basic and advanced courses as an adjunct instructor in the Computer Science Department as well as in the Math department.**

Participated in the development of our Web Site in its early stage of design and programming.

**Consultant Programmer (September 1989 - May 1991)**

**South Presbyterian Church, 343 Broadway Dobbs Ferry NY 10522.**

Work involved installing software written in C and Basic for the Church to keep up with their growing number of members. Packages such as Church Treasurer, Church Membership were installed, curtailed to church activities. Enhanced these programs. and developed new ones for the Church. Trained the Church secretary in word processing and bookkeeping.

**Senior Programmer Analyst (June 1987 - July 1989).**

Loral Electronic Systems. Ridge Hill, Yonkers, NY 10710  
Programmed in Cobol, Fortran.

Responsible for three vital systems:

- a) The Mid Year Review
- b) The Strategic Plan

Both systems are concerned with the budget planning for Loral Electronic Systems as well as for Loral International.

c) the Monthly Processing System compares the the budget plan against the actual budget. Responsibilities entailed maintaining the three systems as well as developing new ones.

**Senior Programmer Analyst (February 1984 - June 1987).**

Equitable Life Assurance Society of the United States.  
1 Executive Blvd, Yonkers NY 10701.

Programmed in Cobol and Basic. Emphasis was placed on IMS with

five databases located in different places in the U.S. Developed projects in LOTUS to plan forecasting in financial analysis and to create disbursement vouchers.

Interviewed users, analyzed, designed and developed projects to transfer segments from Database to Equitable Subsidiaries. Worked on Data Dictionary to generate the segments to IMS.

Defined new segments for the databases. Designed documentation for new projects. Maintained old programs, designed, analyzed new Projects for the Payroll Department. Coded, compiled, and tested Programs in order to place them in production according to standard.

**Adjunct Instructor (Fall 1985 - Fall 1986)**

**Mercy College 555 Dobbs Ferry NY 10522**

While working at the Equitable Life I was teaching Basic and Intro to Programming at night on a part time basis.

**Programmer Analyst ( September 1984 - January 1984)**

Angel Soft Inc., 244 Hamilton Avenue, White Plains NY.

Contract programming in Pascal for an animation Company. Work consisted of designing, developing educational software systems, coding and testing them. Also maintained and enhanced old programs in Cobol for the Payroll Department as well as designing new ones.

**Programmer (May 1981 - August 1983).**

Westvaco Corporation 455 Park Avenue, New York, NY.

Programmed in Cobol and PL/1 for the Payroll and Accounting departments. Translated programs from PL/1 to COBOL. Maintained and enhanced old programs as well as designed new ones.

**Adjunct Instructor (Jan 1983 - May 1983).**

Westchester Community College, Valhalla, New York

While working at Westvaco Teaching part time at night in the Math and Computer Science Department. Subject: Intro to Data Processing and Cobol.

**Competency in Languages: French, Spanish**

**YMD/2012**
